

ERIKA SHANE D. TAWAT

09127745954 | Brgy. 630, Sta. Mesa, Manila | tawaterikashane@gmail.com | www.linkedin.com/in/tawat-erika-shane-d

OBJECTIVES

Passionate about engineering and technology, I am an Electronics Engineering student with strong academic, hands-on, and leadership experience. Eager to gain more practical experience in communications industry, I am adaptable, detail-oriented, and a fast learner, ready to enhance my skills, contribute to team projects, and grow through real-world engineering challenges.

SKILLS AND COMPETENCIES

Core Skills: Career-oriented, adaptable, critical thinker, detail-oriented, organized, strong leadership and interpersonal skills, and complex problem solver.

Languages: Fluent in English and Filipino (written and spoken)

Technical Skills

Electronics: Soldering, PCB Designing, Testing (Oscilloscopes, Multimeters, Function Generators), and Troubleshooting and Etching.

Software: Microsoft Office (Word, Powerpoint, Excel) Google Workspace (Docs, Sheets, Drive), Canva, familiarity with AutoCAD, MATLAB, LTSpice, and Cisco Packet Tracer.

Circuit Simulation: Multisim, Proteus, Tinkercad, LiveWire, and EveryCircuit.

Programming: Familiar with C++ and Python.

Creative Skills: Graphic Design, Video Editing, Creative and Academic Writing.

Designing: 3d Designing using Shapr3d.

EDUCATIONAL ATTAINMENT

Polytechnic University of the Philippines - Main Campus

Sta.Mesa, Manila | 2023 - Present

Bachelor of Science in Electronics Engineering (Junior)

First Asia Institute of Technology and Humanities - Fidelis Senior

Tanauan City, Batangas | 2021- 2023

Science, Technology, Engineering, and Mathematics - Major in Engineering

Grade 11 (1st and 2nd Semester - With Honors Overall)

Grade 12 (Top 18 among STEM Strand - With Honors Overall)

Tanauan Institute Inc.

Tanauan City, Batangas | 2017 - 2021

Grade 7-10 (With Honors Overall)

Dona Tiburcia Carpio Malvar Elementary School

Sto. Tomas City, Batangas | 2010- 2017

Grade 1- 6 (Batch Overall Valedictorian)

EXPERIENCES

PROBOT Corporation.

Tandang Sora, Quezon City | 2025

Engineering Intern

- Assisted in developing technical specifications for a 6DOF Robotic Arm, supporting mechanical structure and control system design
- Conducted testing, troubleshooting, and calibration to improve robotic arm performance and accuracy
- Designed mechanical parts using 3D modeling software and fabricated prototypes through 3D printing
- Helped develop a Learning Management System (LMS) used for IoT and Robotics training modules
- Contributed to the design proposal of an innovative Bubblegum Launcher Robot project
- Built and programmed educational and functional robotic systems, including Ball Launcher Robot, 4DOF Robotic Arm, and Line-Following Robot

Philippine Drone Soccer Association (PDSA)

Technical Team Member / Intern

- Represented PDSA as part of the committee during the World of Electronics Expo (WOCEE) at SMX Convention Center
- Assisted in developing a proposal for fast-charging solutions for Skykick Drones
- Helped train PDSA Representatives for the International Drone Soccer Competition in South Korea
- Supported inventory management and equipment preparation for Drone Soccer competitions

Mechatronics Technologies Corporation (MTC)

Trainee – Instrumentation and Control Systems

- Completed TESDA Instrumentation and Control Systems NC II (30-day intensive technical training)
- Gained hands-on experience with industrial sensors, control systems, wiring, and instrumentation fundamentals

SEMINARS AND WORKSHOPS ATTENDED

Youth Leadership and Volunteerism" held by the Provincial Capitol of Batangas City (2022)

Selected in the "Seminar-Workshop for School Youth Leaders" held by Sto.Tomas City Youth Development Office (2022)

PUP Techfest - Cybersecurity Seminar (2025)

LEADERSHIP EXPERIENCES

Class Monitor / Secretary (2017 - 2023)

Secretary-General (2023)

Classroom President (2024 - Present)

RESEARCH EXPERIENCES

The Development of Fingerprint-Based Biometric Attendance System with an Automatic Alcohol Dispenser (2023)

RELATED ELECTRONICS AND COMMUNICATIONS EXPERIENCES / PROJECTS

- Regulated Power Supply Design – Designed and implemented a DC power supply with rectification, filtering, and voltage regulation, including circuit testing for stable output.
- Speaker System Development – Designed and built a custom speaker system for the PUP College of Engineering AVR, applying acoustics and sound optimization principles.
- FM Modulation Circuit – Designed, simulated, and tested an FM modulation circuit demonstrating frequency modulation and signal transmission concepts.
- AM Modulation Circuit – Built and analyzed an amplitude modulation circuit to demonstrate carrier and message signal integration.
- Automated Forklift Robot – Led the design and development of an automated forklift robot integrating feedback and control systems for logistics optimization.
- Rescue Drone (UAV) – Development of an unmanned aerial vehicle designed for remote rescue and emergency response applications.
- Cisco Networking – Performed switch configuration tasks involving VLAN segmentation, DHCP services, inter-VLAN routing, and Telnet-based remote management.

ORGANIZATIONS AND AFFILIATIONS

Polytechnic University of the Philippines Electronics Engineering Students' Society

Junior ECESS Officer (2023)

1st Year Level Representative (2024)

2nd Year Level Representative (2024 - 2025)

BDDC Head Moderator (2024 - 2025)

Institute of Electronics Engineers of the Philippines - Manila Student Chapter

Member (2023 - 2025)

Board of Directors - Activities Committee (2025 - Present)

ACHIEVEMENTS, AWARDS, AND COMPETITIONS

2nd Place English Secondary Spelling Bee (2019)

Scholarship recipient of SHS Scholarship Grant in Sto.Tomas City, Batangas (2021-2023)

School's Representative in GOI Peace Foundation's International Essay Contest (2021)

Best Capstone Paper (2023)

ECE Representative College of Engineering Academic Contest 2025 - Social Science Category (2025)

Social Science ECERA 2024 Quiz Bee Champion (2024)

Social Science ECERA 2025 Quiz Bee 3rd Place (2025)

Grade 11 - 12 1st and 2nd Semester With Honors Overall (2021-2023)

Top 18 among STEM Strand (2022-2023)

President's Lister, 1st Semester S.Y. 2023-2024

President's Lister, 2nd Semester S.Y. 2023-2024

Rank 2 Overall 2nd Year Top Performing Student, 2nd Semester S.Y. 2023-2024

President's Lister, 1st Semester S.Y. 2024-2025

President's Lister, 2nd Semester S.Y. 2024-2025

President's Lister, 1st Semester S.Y. 2025-2026
